Barry Mitchell is the Entertaining Encourager.

Thousands of audiences have laughed with Barry from coast to coast. He has performed in countless theaters and comedy shows; from the streets of the New Orleans French Quarter to sharing the stage with Country Music Stars. Barry was the featured comedian for four years at Dolly Parton's Dixie Stampede. As the author of five books including the popular "Magic of Thinking Creatively", Barry lectures regularly on creativity and children's entertainment to professional entertainers. He invents and markets original magic effects and storytelling props sold around the world. His career in magic has allowed him to travel from his Tennessee home and perform in the world famous Magic Castle in Hollywood, the Magic Circle in London, Denmark, Mexico, Australia, and the Bahamas. He considers himself truly blessed.
